JUNIOR TENNIS CLINICS

Our clinics are designed to give kids plenty of opportunities to play and build their muscle memory. With the option to train 3-4 times a week, we focus on the rapid progression of technical skills and stroke production to develop the next generation of competitive players.

SUPER PEE WEE | AGE 4

Price Per Clinic: \$23 members, \$26 non-members

Get familiar with the sport! This class allows tots to grasp basic racquet and ball skills in addition to practicing hand-eye coordination. They'll also enjoy fun games in a friendly environment.

PEE WEE | AGE 5

Price Per Clinic: \$23 members, \$26 non-members

This class teaches the skills needed to move up to the Futures group, such as hand-eye coordination, balance, racquet grip and basic stroke development.

FUTURES | AGES 6+

Price Per Clinic: \$30 members, \$35 non-members

Players can sharpen their ABCs (agility, balance, and coordination) while focusing on stroke technique. At this level, players will also be building a strong foundation for rallying by implementing footwork drills and court positioning.

COAC ACADEMY | AGES 10+

Price Per Clinic: \$45 members, \$53 non-members

This program is designed for developing competitive players. Players will improve mechanics, consistency, footwork, and anticipation. As the age of the class is usually older, there is more emphasis on point development and execution of match play strategies. This will prepare players for high school matches and USTA tournaments.

**If you take over 12 clinics a month you get a 5% discount.
If you take over 15 clinics a month you get a 10% discount.

*Classes will be held in Performance Tent
in the event of rain.*
